**Information**

William Bradford was born in Austerfield, Yorkshire, England, and married Dorothy May on 10 Dec 1613 at Amsterdam, The Netherlands. They had a son, John, born circa 1618 in Leyden. The family came to America on the *Mayflower* in 1620. William was the second signer of the *Mayflower Compact*, and was elected Governor of the Plymouth Colony for 31 years. Dorothy fell from a *Mayflower* deck and drowned in Plymouth Harbor on 7 Dec 1620. John Bradford married Martha Bourne, but they had no children.

William was married again on 14 Aug 1623 to Alice Carpenter, widow of Edward Southworth. She came from Leyden, Holland, and landed in Plymouth in June 1623. Their marriage was the fourth recorded in Plymouth Colony. They had three children: William, Mercy, and Joseph.

William wrote *Of Plymouth Plantation*, the single most complete authority for the story of the Pilgrims and the early years of the Colony they founded. Written between 1620 and 1647, the journal describes the story of the Pilgrims from 1608, when they settled in The Netherlands through the 1620 *Mayflower* voyage, until the year 1647. The book ends with a list, written in 1650, of *Mayflower* passengers and what happened to them.
The General Society of Mayflower Descendants (also known as The Mayflower Society) is a hereditary organization of individuals who have documented their descent from one or more of the 102 Pilgrims who sailed on the *Mayflower*.
